## HELLO AND WELCOME

...to our largest offering ever of early American numismatic literature. There are many different items to choose from, and in some cases, there are various copies of the same auction catalogue. Everything is reasonably priced considering the age, original print runs, and market availability of the material listed within this fixed price list. Keep in mind this is the "Good Stuff" with all catalogues being over 55 years old.

If you already collect this early literature, you now have a great opportunity to fill in some of the blanks in your runs of Chapman's, Cogan's, Haseltine's, Mehl's, AJNs, etc. If you don't have many of these in your reference library, there will never be a better time to obtain them.

Most of the 19<sup>th</sup> century catalogues are an R-5 (30 – 75 known) item or better. Since the million dollar Champa and Bass libraries are now history, there is little chance of a quantity of this pre-WWII material coming onto the market. We all know what that does to prices!

Check this list over carefully and give us your order. You can call, e-mail, or write for availability. First come, first served; and remember the **10% discount** for early orders (See bottom of Page A).

We also stock an extensive selection of auction catalogues from 1945 to the present. These are on a separate list. If you want or need a copy of that particular list, please send along \$2 for postage and we'll gladly send you a complimentary copy. If there is a particular sale of interest, please contact us to see if it is currently in stock, as the numismatic literature market is like the coin market, only much thinner.

Numismatics is an interesting, educational, and fun way to spend your time and money. There is plenty to learn. We certainly hope you are enjoying it.

As always, Jenny and I say "THANK YOU" for your business.

Best wishes,

Karl & Jenny Moulton

## HOW DO YOU WANT TO RECEIVE YOUR PACKAGE?

Here are the options to choose from :

1. **SPECIAL STANDARD (BOOK RATE).** Please send \$2.00 for the first item and \$.75 cents for each additional item along with insurance from the table below. For shipping purposes, count five PR's as one item. This is how most orders will be shipped unless another choice is requested and prepaid. This option takes anywhere from 5 to 30 days for your package to arrive (it can be extremely slow).
2. **PRIORITY MAIL.** Please send \$3.95 for the first item and \$1.25 for each additional item along with insurance from the table below. As mentioned above, one to five PR's equal one item for shipping charges. Due to the cost, priority shipping charges and insurance must be prepaid. It will take 2 to 10 days for your package to arrive, as the post office will not guarantee delivery within three days.

**NOTE:** Shipping your order may cost more or less than the estimates above depending upon weight. **You will be charged the actual shipping amount.** Any additional charges will be billed; any prepaid overages will be credited to your account. Insured packages can be traced only after 30 days (the Post Office's rule).

*\*\* Any order of \$25 or more for merchandise keeps you on our mailing list for one entire year. \*\**

**PACKING & HANDLING:** Please add the following charges for the number of items you order:

1 - 5.....	\$ .75 per item
6 - 10.....	\$ 5.00 Total
11 - 20.....	\$ 7.00 Total
21 - 30.....	\$10.00 Total
31 - 40.....	\$12.00 Total
41 - 50.....	\$15.00 Total
51 or more.....	\$20.00 Total

This helps cover the cost of boxes, strapping tape, packing for the catalogues, labels, etc.  
The charges listed above are, in every case, lower than the per lot fees charged in mail bid sales.

**INSURANCE:** We insure all packages. Please add charges from the table below:

### POST OFFICE INSURANCE

\$ 0.01 to \$ 50 .....	\$1.10
50.01 to 100 .....	2.00
100.01 to 200 .....	3.00
200.01 to 300 .....	4.00
300.01 to 400 .....	5.00
400.01 to 500 .....	6.00
500.01 to 600 .....	7.00

Add \$1 per additional \$100 of value up to \$5,000.

## **SPECIAL BONUS !**

You will receive a **10% DISCOUNT** on all orders totaling \$100 or more in merchandise and received before May 26, 2001. :

**Does not apply to shipping and handling.**  
(We give discounts, the post office doesn't.)

\* Prices are subject to change without notice. Supply is limited to stock on hand.

\* \* \* \* \*

**NOTE:** All catalogues are in very good to fine condition or better. Notable defects are described. Due to their age and the quality of paper used, the 19<sup>th</sup> century catalogues are quite fragile. HWP indicates Hand-Written Prices. We make every attempt to pack your catalogues to arrive in good shape; but we can't take responsibility for any damage that may occur in transit. Supply is limited to stock on hand. Prices subject to change without notice. Thank you.

See page A for shipping, insurance, and packing/handling charges.

Remember to check the Prices Realized Lists Available section following the catalogue listings. Please state whether you desire an original or a photocopy of a prices realized list when ordering. For catalogues issued after 1945, check our February, 2001 list.

### **SAMUEL H. CHAPMAN**

This short run of catalogues (28) from 1907 to 1924 is one of the most challenging series to complete. This is evidenced by the fact that \$9,000 was paid for a plated 1920 Hunter sale in the early 1980's. This record was only broken a year ago when the Henry Chapman bid-book of the 1912 George Earle sale brought \$9,500. As of June 2000 a new record of \$12,000 was established for a plated 1923 Henderson sale. All S.H. Chapman catalogues are legitimate rarities in American numismatics whether plated or not.

### **WORLD'S GREATEST COLLECTION**

All six parts of U.S. Copper, Silver and Gold coinage from the collection of F.C.C. Boyd. Kosoff used Boyd's notes as to varieties when he catalogued his mentor's collection; and in doing so, created an important reference. This collection still stands as one of the finest formed in the last century. It comes complete with reprints of the Haseltine, Browning, Beistle, Valentine, and Gilbert references. The U.S. dime section contains the Boyd/Kosoff varieties, along with five pages of plates; which was, at the time, the most comprehensive listing of plated varieties available. The U.S. gold section was quite impressive and contained almost all of the rarities. We note another literature dealer estimating this set at \$325 in his current mail bid sale. Now for some good news:

**We offer one Very Fine soft cover set at...\$175.**

**NOTE:** This sale was generally unknown until the mid-1980's.  
It is a stamp sale with no coins, but is necessary to complete the

dealer very recently offered sales #34 & #37 in his mail bid sale.  
The estimates were listed at \$65 each. They are hardly worth  
that. We think our price of \$25 each is about right; hopefully,  
you will agree.

ex-libris Harry Bass. Printed in red ink. Charles White was the head cashier for the Northampton Bank in Massachusetts. He assembled a remarkable collection of high-grade United States material. The most significant holding in the White collection was the rather large number of early Bust & Seated Quarters. It is because of the White "hoard" that we have so many of these early quarters available in top grades today. For further information about Mr. White and his collection, refer to Q. David Bowers' book *American Coin Treasures and Hoards* pages 75 - 78. Ink stamp of Lyman Low on title page..... **HWP 110.**

**Another copy,** Slight water stains ..... 20.

**02/27/1941 Rare Coin & Medals, 44pp., 1485 Lots** Staple rust, loose covers. It's too bad that the Stack brothers didn't offer plates in all of their early catalogues. The descriptions are terse and it would be very interesting to see examples such as an 1804 "Proof" Half Eagle, or the 1864 Proof Eagle listed only as "rare". There's a good run of modern Foreign and European Gold ..... 25.

**03/23/1944 Col. James W. Flanagan, 119pp., 1681 Lots,** U.S. and World Gold, the highlight being, of course, the 1933 Double Eagle (plated), which the United States Treasury Department deemed was illegal to own 11 years after being minted. Disgustingly, in light of recent emissions from the Philadelphia Mint, this remains the only coin considered to be illegal to own (but only in this country) by the extremely narrow minded and ignorant U.S. Treasury officials The so-called compromise regarding the upcoming sale of this coin is a complete joke. The government has no title or any portion thereof to any 1933 Double Eagle. Once the dies make contact with the planchet, the bullion piece becomes legal tender regardless of any "politics" or claims made after that time.

The copy is **Hardbound** (Private binding), and is in **Near Mint** condition. Comes with **original PR** bound in **Pt HWP 125**.

**04/22/1944 Col. James W. Flanagan & H.R. Huppe, 43pp., 1185 Lots,** Disbound, taped spine. Colonials including a 1792 Washington Half Dollar, & an Uncirculated 1792 Disme in Copper. There's also a leather boxed 1915 Panama Pacific set along with a fine offering of U.S. currency including Gold Banknotes from the Grinnell collection. Too bad there were never any plates issued..... 65.

**06/17/1944 R.F. Carter, 16pp., 548 Lots, Disbound,** taped spine. Nice run of U.S. Gold with an 1818 Half Eagle catalogued as "stars bolder than average." Interesting reading – say what?! It's a shame they didn't attribute this coin to one of the three known varieties..... **40.**

**10/20/1944 Henry Hunt & Bruno Kisch, 47pp., 1702 Lots,** Nice Colonials and Store Cards, Foreign Silver. The U.S. Silver material is strong in Proof coinage. The U.S. gold is highlighted by an 1860-D Uncirculated \$1 and an 1875 Proof Quarter Eagle ..... **35.**

**05/15/1945 George H. Hall, 132pp., 2392 Lots,** The prospectus for this sale announces that, "This amazing catalogue is really the finest, biggest, and most desirable catalogue ever published in the American numismatic field." This, of course, is grandiose over-boasting when compared to some of the 19<sup>th</sup> century sales such as McCoy, Mickley, Cohen, and Parmelee; not to mention the 20<sup>th</sup> century offerings. This was due to Abe Kosoff selling F.C.C. Boyd's collection entitled "The World's Greatest" in the same city at the same time. Still it's a decent catalogue to have in your library..... **45.**

**10/22/1945 E.M. Wharton, 124pp., 2769 Lots, ..... 40.**

**CHARLES STEIGERWALT**

**06/13/1882 Sale #6, John S. Rohrer, 18pp., 525 Lots,** Nice early U.S.. One of the earliest appearances of an 1815 "E" counter-stamped Bust Quarter. In the Pattern section is a six-piece Trade Dollar set which is quite probably the set that appeared in Superior's May 27, 1990, Boys Town auction catalogue. Disbound ..... **12.**

**10/03/1882 Sale #8, 33pp., 1147 Lots, Disbound.** Among the nice run of early dollars is a 1798 Small Eagle 13 Stars catalogued as "extra good or fine, rare". The 1793 Half Cent and the 1796 Quarter is pedigreed to the 1882 Bushnell Collection sale..... **15.**

**01/19/1883 Sale #11, G.T. McCombe, 17pp., 581 Lots,** Disbound. Among the highlights are Colonial and Fractional Currency. While one of the more interesting pieces is catalogued thusly: "Copper planchet, square, size 19, stamped with wreath of 1857-'58 nickel cents, probably die trial and unique."..... **15.**

**November, 1908 Fixed Price List, \$25,000 Collection 12pp.** Paper Money including Fractional Currency, Continental and Colonial Notes, Broken Bank Bills, Confederate Notes, etc ..... **10.**

**T.R. STROBRIDGE**  
(William H. Strobridge's son)

**05/27/1879 Coins & Medals, 15pp., 280 Lots, Disbound.** Ancients, American and Foreign Gold, Silver and Copper Coins and Medals. Perhaps the most interesting is an 1836 Gobrecht Dollar catalogued as, "Good, Small hole bored above the head. Has been proof." ..... **HWP 20.**

**WILLIAM STROBRIDGE**

One of the earliest dealers who handled a bit of everything.

**05/26/1862 William Lillendahl, Special Post-Sale Priced Edition, 53pp., 1230 Lots,** Front cover torn on lower Corner. Prices Realized printed next to each lot. One of the

very first sales in this format. An outstanding cabinet of U.S. Coins; Presidential & Political Tokens; World Gold, Silver & Bronze Coins & Medals; American Medals; Patterns; Washington Pieces; Colonials; & Electrotypes. Lilliendahl was to gain even more notoriety in 1867 when he purchased the Mickley 1804 Dollar for \$750, a record breaking price that astounded even Mickley. This was Strobridge's first sale. .... 105.

**04/11/1872 Benjamin Haines, 40pp., 883 Lots,** American Tokens, Colonials, Early Copper, Washingtonia, Presidential & Political Medals, 1792 Half Dime, Ancients, Continental Currency, Early Catalogues, Stamps ..... 35.

**04/07/1874 Prof. Daniel E. Groux, 57pp., 1173 Lots,** One of the earliest collectors. Many World Coins & Medals, especially rich in English, European & Ancients. Groux tried many times to sell his collection – even by lottery. It ended up as collateral with a lady in Washington DC who had loaned him money. .... 35.

**05/17/1875 George Stenz Collection, 236pp., 3871 Lots,** Strobridge went blind (detached retina) while cataloguing this 3871 lot sale. Interestingly, in the introduction concerning the German coinage we read, "he has not followed blind guides" in referring to his attributions. This was the most extensive sale of its kind up to that point. This remarkable sale contains a bit of everything in numismatics. There's even a spurious 1804 American dollar offered. Overall, Very Fine condition ..... 95.

**03/19/1878 E. J. Snow, 60pp., 1067 Lots,** Snow bought extensively at the 1867 Mickley sale. His collection includes impressive Early World Crowns & Medals especially rich in English; Colonials, Copper Medals, Interesting Jewelry pieces, U.S. Copper ..... HWP 25.

### **TATHAM STAMP & COIN CO.**

**09/28/1945 Auction Sale, 62pp., 1624 Lots,** U.S. and Foreign Coins, Medals, Tokens, and Paper Money. This particular firm held other sales and tried their best to break into the big-time. Trouble is they couldn't manage their cash flow properly and couldn't describe their coins properly, either; examples being: 1943 Steel pennies with a weak struck "4" in date. I, myself, have seen many rolls with a weak 4 in the date. One item I have never seen or heard of is the 1942/41 Mercury Dime in Proof labeled in this particular catalogue as "a potential rarity". Fun reading..... 12.

**06/06/1882 Sale #47, The Washburn Collection, 50pp., 162 Lots,** Chipped, stained and taped covers. A Woodward advertising slip is pasted inside front cover with bids written on reverse. One of the coins in the addenda, which Woodward catalogued without even seeing, was an 1878 Proof Dollar that sold for \$1.01; while another, the 1875 Uncirculated 20-Cent piece sold for face value. It's a good thing Woodward had already made his money in the coin business, as his later sales from 1879 to 1890 were primarily lacklustre events with many being non-numismatic..... HWP 15.

**12/29/1884 Sale #70, I.M.A. Lermann, 93pp., 1842 Lots,** Taped spine and trimmed front cover. Ancients including counterfeits, a locket of hair from George Washington, and Papal Coins & Medals are among the miscellaneous offerings. The U.S. portion includes bulk lots of John C. Schayer's Large Cents including a 1799 catalogued as, "and I think the piece is genuine, but it is sold without guarantee." The 1818 Randall Hoard Cents (29 pcs.) is similarly described as, "strictly uncirculated and in parts bright, nearly all are more or less discolored in spots." Another 198-piece lot of Canadian tokens belonging to Mr. Levick has a few location names but no attributions..... 20.

## HARLOW E. WOODWARD

11/06/1889 Stamps, 66pp., 1302 Lots, W.E. Woodward's son, Harlow, whose coin collection was sold in 1878, began his interest in stamps shortly after that time. This catalogue includes U.S. and World stamps such as Postage, Dispatch, Revenue, etc. For some unknown reason there were never Air Mails offered! Interestingly enough H.E. Woodward's business address was 40 Bromfield Street, Boston, Mass., where numerous coin and stamp dealers have been in business ever since..... 10.

To one pair of Flings --- 0-15-0  
To mending the windows --- 3-12-0  
5 March 1782 Paid Payment by an  
Order on the Treasurer John Stickney

(ACTUAL SIZE)

Matthew A. Stickney (1805 – 1894) was the first person to own an 1804 dated Silver Dollar in this country. It was secured through a trade with William E. DuBois, who was the Curator of the Mint collection and Assistant Assayer. All 1804 Dollars (other than the ones in the State Department ordered Presentation Sets in 1834-5), whether so-called Originals, Restrikes, or Electrotypes, appeared on the market between 1842 and 1876, while DuBois was still alive. This gives credibility to my theory that he alone was responsible for their creation, regardless of how they were distributed.

This old receipt in brown ink by John Stickney is guaranteed original ..... \$75.

March 1960

Volume 13 - 3

#### COLLECTORS DEALERS INVESTORS

In my opinion, one of the greatest weaknesses of the American Collector is the extreme lack of knowledge of numismatics, and even of coins in their own collections.

Their reluctance to buy books, and to use them after they do have them, is understandable but certainly not complimentary. Contrary to popular opinion, I believe books are the best investment any collector can make.

Over the years, some of my best purchases have been from collectors as well as dealers who did not know what they were selling. This would not have been possible had they read and studied the easily available reference books on the subject.

No one person can be an expert in all fields but the knowledge and experience of experts is available in nearly every series, in easy-to-understand book form.

Every collector should include at least a small working library in his program. Not only in the series he collects, but in numismatics in general. Aside from the personal satisfaction that comes from such knowledge, it will also make it possible for him to buy and collect more intelligently.

In this issue we are offering a list of books that are really a "must" for every serious collector and dealer. And in order to stimulate more knowledge in numismatics, we are offering several groups of these at special prices.

SOME PEOPLE WOULD RATHER  
GUESS AT MUCH THAN ENDEAVOR  
TO LEARN A LITTLE.

James Kelly's words, written over 40 years ago, are as true today as they were back then. At the time, the hottest items in the coin market were 1955 double die cents, uncirculated rolls, and the new 1960 Small Date Lincolns.

The one overlooked source that no one at the time even mentioned (and is still overlooked by many today) is the **auction catalogue**. No worthwhile numismatic book could ever be written if it were not for a review of many **auction catalogues**. The highly acclaimed David Akers U.S. Gold volumes are based on a survey of **auction catalogues** back to 1921. All other well-researched fields obtained credibility through checking previous appearances in old **auction catalogues**. They are also essential in establishing pedigrees.

In order to become a numismatist, from the ranks of collectors/investors/dealers, one must have a reference library containing hundreds of titles. The more research materials you have available, the better your chances of success with this hobby.

Larry Lee, a special collections curator at the Durham Western Heritage Museum (currently housing the "Ship of Gold" exhibit) in Omaha, Nebraska, recently put it this way, "I became a numismatist in the past 10 years, spending the previous 30 years as a coin collector." He makes the distinction based on how much money and time one spends on books and catalogues vs. how much one spends on coins.

Amen to those words of wisdom.

# PRICES REALIZED LISTS AVAILABLE 1860 - 1945

This is a list of all the prices realized lists we have on file for this time period. No catalogues are included in this section, though they can be found elsewhere in this fixed price list. After a listing, "C.... or O...." indicates either a **photocopy (C)** or an **original (O)** prices realized list is available and at what price. An original printed Prices Realized list is the most overlooked item in numismatics. All originals are subject to prior sale. Supply is limited to stock on hand, and prices are subject to change without notice.

1<sup>st</sup> UNITED STATES MINT:  
1792 - 1833

Joseph J. Mickley

We are pleased to present several highly important items relating to the noted 19<sup>th</sup> century collector **Joseph Jacob Mickley**.

The first is a reprinted copy of the 1867 Mickley Collection catalogue with all prices and names of buyers. This edition was limited to 100 regular copies and was originally priced at \$100 back in 1996 when they were first released through Charles Davis.

We have only one in stock, AS NEW for.....\$100.

The second publication is a nicely bound photocopy of the Mickley Family Genealogy, which was compiled by Minnie F. Mickley in 1893. Found within is a 26-page biography of Joseph Mickley written by his close friend, J. Bunting. This well detailed account of Mickley may have been written in response to several earlier stories and myths presented by A.M. Smith and W.E. Woodward.

I have written an article for one of Dave Bowers' upcoming Rare Coin Reviews, which presents for the very first time a detailed account of Mickley's life along with his involvement in American numismatics. One of the major surprises is the discrediting of the story having to do with Joseph Mickley obtaining four 1827 over-dated quarters from the Mint in 1827.

Only one copy of this important 182-pg reference is available at.....\$75.

All pages complete and fresh with no foxing. These extremely scarce volumes provide detailed documentation about early United States financial activities. This includes Mint Director Reports from the respective years and communications from the Treasury Department to Congress. A vast amount of information on commerce is interleaved with documents on public monies, assays of foreign coins, deposits in banks, and other numismatically interesting historical information. BOWERS, Q. DAVID:

<b>History of U.S. Coinage – Garrett Collection, 572 pgs., Hardbound The only problem with this book is the fact that it is not read anywhere nearly as often as it should be. It contains more interesting, worthwhile, and valuable information about American coinage than has ever been presented anywhere else. It makes the Breen Encyclopedia look like a Redbook. The contemporary 19<sup>th</sup> century correspondence, along with the entire Garrett Collection pedigrees, simply add to the information imparted by the many plates, both black &amp; white and color. With Dave Bowers forthcoming book about the California Gold Rush and the sinking of the SS Central America, people will greatly enjoy having this book as a companion guide due to the many Territorial issues which were contained in the Garrett Collection. Breen's entire concept of early proof coinage prior to the mid-1830's is based on the physical examination of coins he has labeled as proof. Most of his rhetoric is unsubstantiated and, as of now, there has yet to be one shred of evidence which documents any early Proof coinage from the U.S. Mint. Based on all sources, the coins outlined in this compilation remain nothing more than prooflike business strikes until official documentation confirms otherwise. # RARE COIN REVIEWS

by  
Bowers and Ruddy Galleries &  
Bowers and Merena Galleries, Inc.

---

This long-running house organ offers not only coins, but important articles and fascinating tidbits regarding numismatics. Dave Bowers unselfishly shares bits and pieces of information found nowhere else. He masterfully blends coins and the people interested in them. One of this writer's favorite features is the Coin Quiz, which has prompted more than one response.

This highly recommended publication carries a cover price of \$10 for the later issues, which have reached over the 100 page mark. A set of RCRs is a desirable compliment to the Bowers run of catalogues, and are collectible in their own right. If you don't have these, you're missing out on some enjoyable reading.

### Description

Yes thats right!!! I am offering a spectacular double struck flowing hair silver dollar, a product of the Gallery Mint. First strike at 100% then the second strike 50% off-center. Since the production of the 1794 dollar is new from the Gallery Mint, this specimen is the NUMBER #1 double struck error. Also, a Detroit electrical company toned it superb with the tonning of a pastel gun-metal with pastel hues of orangish-violet and gold around the edges. This is the first time that an electrical charge was used to tone a coin, thus resulting in an almost 100% natural old time tone. A TRULY SUPERB & MOST SPECTACULAR COIN. Just think if a genuine issue such as this would ever hit the market? Well, we can forget about that,...none exist! The coin is a GEM ALL THE WAY and no-doubt a spectacular display item in ones collection. THERE IS A RESERVE OF UNDER \$100! I PROVIDE A 5 DAY RETURN. THANK YOU & GOOD LUCK! I ACCEPT PAYPAL ALSO.
